

Training and Staff Development

Training Methodology

2005 - 2006	2006 - 2007	2007 - 2008	2008 - 2009
Initiatives	Initiatives	Initiatives	Initiatives
<p>Based on a determination that a more formal staff development program needed to be implemented, it will be important for this school year to consist of intense staff development to assist the faculty and staff utilize the laptop computers.</p> <p>Faculty assessments will be conducted during SY 05-05.</p> <p>INTPC1, 2, 3 will be by a new instructional technology Integration Specialist (see job description).</p> <p>This will take place during this school year.</p> <p>A combination of group and individual training will enhance the training model.</p>	<p>This is the year that faculty and staff mentoring programs will be introduced. This will require a continuation of the previous year training model. INTPC3 will be facilitated.</p> <p>A more intense concentration should be placed on lesson plan development and presentation development.</p> <p>Training model should focus on classroom management and curriculum integration</p>	<p>Continuation from previous years.</p> <p>Training model should focus on classroom management and curriculum integration.</p>	<p>Continuation from previous years.</p>
